

Curriculum Vitae

Name: Abdesselam LEBAROUD

Rank: Professor

Department: EEA

Email Address: abdesselam.lebaroud@enp-constantine.dz , lebaroud@Yahoo.fr

Educational Profile:

- Doctorat, Sciences in electrical engineering, University Constantine 1, Algeria
- Magister, INHC, Boumerdes, Algeria
- Engineer , INHC, Boumerdes, Algeria

Scientific Activities & Membership of Scientific Societies

- President of scientific committee of department EEA.
- President of the ENPC doctoral training committee, electrical engineering, specialty, electrical machines, since 2018.
- Team leader of the polytech Constantine electrical engineering laboratory (LGEPC), since 2019.
- Member of scientific council of the national polytechnic school of Constantine ENPC, since November 2014.
- Member of the Scientific Committee of the Electrical Engineering Department, University of Skikda, until October 2014.
- Team Leader of the Polytech Constantine Electrical Engineering Laboratory (LGEC) since 2012, Department of Electrical Engineering, Faculty of Engineering Sciences, Mentouri Constantine University.
- Member of the Constantine Electrical Engineering Laboratory (LEC) since its creation in 2000 until 2012, Electrical Engineering Department, Faculty of Engineering Sciences, Mentouri Constantine University.
- Expert member in the national workshop of data Networking and infrastructure in the context of artificial intelligence.
- Expert member in the evaluation of CRU EST doctoral training offers.
- Expert member in the evaluation of projects of the national research program (PNR).
- President or Examiner Member in several defense juries: University Habilitation, Doctorate in Science and Magister since 2008.
- Member of the Scientific Committee of the 1st Scientific Days on Science and Engineering, JSSE'18. 09-10 December 2018, ENP Constantine
- Member of the Scientific Committee of the 4th Third International Conference on Electrical Engineering And Control Applications ICEECA'17, November, 21-23, 2017, ENP de Constantine, Algeria
- Member of the Scientific Committee of the "4th International Conference on Electrical Engineering"— ICEE'2015, December 13th to 15th, 2015, Boumerdes, Algeria
- Member of the Scientific Committee of the International Conference ICTAEE'14, International Conference on Technological Advances in Electrical Engineering, October 27-29/2014, Electrical Engineering Department, Faculty of Technology, University of Skikda.

- Member of the Scientific Committee of the International Conference ICEE'2014, International Conference on Electromechanical Engineering Skikda, Algeria, 20-22 November 2014. Faculty of Technology, Electromechanical Department, University of Skikda.
- Member of the Scientific Committee of the International Conference ICEE'2012, International Conference on Electromechanical Engineering Skikda, Algeria, 20-22 November 2012. Faculty of Technology, Electromechanical Department, University of Skikda.
- Membre du Comité Scientifique de la Conférence Internationale "International Conference on Electronics & Oil : From Theory to Applications (ICEO'11)" organisée par l'Université de Ouargla, 01-03 Mars 2011.
- Project leader entitled: "Design of a traction inverter based on Mosfet SiC technology for electric vehicles", PRFU (2022/2026), National Polytechnic School of Constantine.
- Head of the project entitled: "Towards an advanced diagnosis of faults in variable reluctance machines", CNEPRU (2018/2022), Code A01L07ES250120180001, National Polytechnic School of Constantine.
- Head of the project entitled: "Automatic classification of asynchronous machine faults, CNEPRU (2014/2017), Code J0201620130022, University of Skikda
- Head of the project entitled: "Monitoring and Prognosis Applied to Electrical Machines", code J0201620100008, CNEPRU (2011/2013), University of Skikda
- Head of the project entitled "On-line control of electrotechnical devices by expert system" University of Skikda, Code: J2101/02/02/02, Algeria.
- Head of the project entitled "Promotion and rationalization of the use of renewable energies: Photovoltaic and wind." Center for Scientific and Technical Research on Arid Regions (CRSTRA). Biskra Ref. 294/FD/CRSTRA/2001, Algeria.
- Head of the project entitled "Identification and Dissolution of Precipitates from materials obstructing the internal walls of pipes". Center for Scientific and Technical Research on Arid Regions (CRSTRA). Biskra. Ref. 021/FD/CRSTRA/2001, Algeria.
- Member of the project entitled, "Rational consumption of electrical energy" Code J2407/02/60/03, University of Skikda, Algeria.
- Member of the project entitled: "Safety of operation of electric actuators. Diagnosis and control based on signal analysis", Code J0200920080091, Electrotechnical Laboratory of Constantine, Algeria", CNEPRU (2008/2010), University of Constantine.
- Member of the project entitled "Modeling and diagnosis of asynchronous motors in transient state with saturation and space harmonics" CNEPRU J2501/02/58/06, Constantine Electrical Engineering Laboratory, University of Constantine.
- Member of the PNR project entitled "Diagnosis and operational safety of electrical drives: Analysis, control, automation", at the University of Constantine

List of Journal Publications

78. Lebaroud Abdesselam , Chetate Boukhmiss, 1997, Etude par Simulation Numérique du Comportement d'un Moteur Asynchrone Alimenté par Onduleur de Tension Piloté par Différentes Stratégies de Commande, Actes des 2ème Journées Scientifiques et Techniques (JST'97), INHC, Boumerdès, Algeria.
79. Chetate Boukhmis., Lebaroud Abdesselam,, Aitouche M.A.,Boumedine M.S, 1996, Elaboration of an automated system for the diagnosis of the breakdown of the electrical machines, converters and control, Proceedings of the 5th International Conference one Modelling and Simulation of Electric Machines, Converters Systems (ELECTRIMACS '96), France.
80. Chetate Boukhmis., Lebaroud Abdesselam,1995, Elaboration d'un Système d'Acquisition de Traitement et d'Interprétation de l'Information pour le Diagnostic des Pannes", Proceedings of Mediterranean Conference on Electronics and Automatic (MCEA'95), Septembre 13 / 15, 1995 Grenoble, France.
81. Chetate Boukhmis., Lebaroud Abdesselam, 1995, Development of an automated system of forecasting and diagnosis of the anomalies, Proceedings of the second Maghreb Convention in Electrical Engineering (CMGE'95), Volume II, pp. GLI 17-GLI 20, Tunisia.
82. Lebaroud Abdesselam, Boukhmiss Chetate, 1995, Etude de l'apport d'un Système Automatisé de diagnostic des Pannes par Simulation Numérique des Régimes à Défauts d'un Moteur Asynchrone ", Proceedings of Conference on Modelling and Simulation of Electrical Systems (CMSES'95), Guelma, Algeria.

List of Current Doctoral Research Students Supervision

1. Bouraoui Naoufel
2. Ould Iahoucine Yahya
